Selecting Post-Secondary Institutions

For those going to JCs

Consider your University Courses

University Course Pre-requisites

JC Subject combinations

NUS Course	Subject Pre-requisites
Business Analytics	H2 pass in Mathematics or Further Mathematics
Medicine *	H2 pass in Chemistry and either Biology or Physics.

Supporting your child in their ECG journey

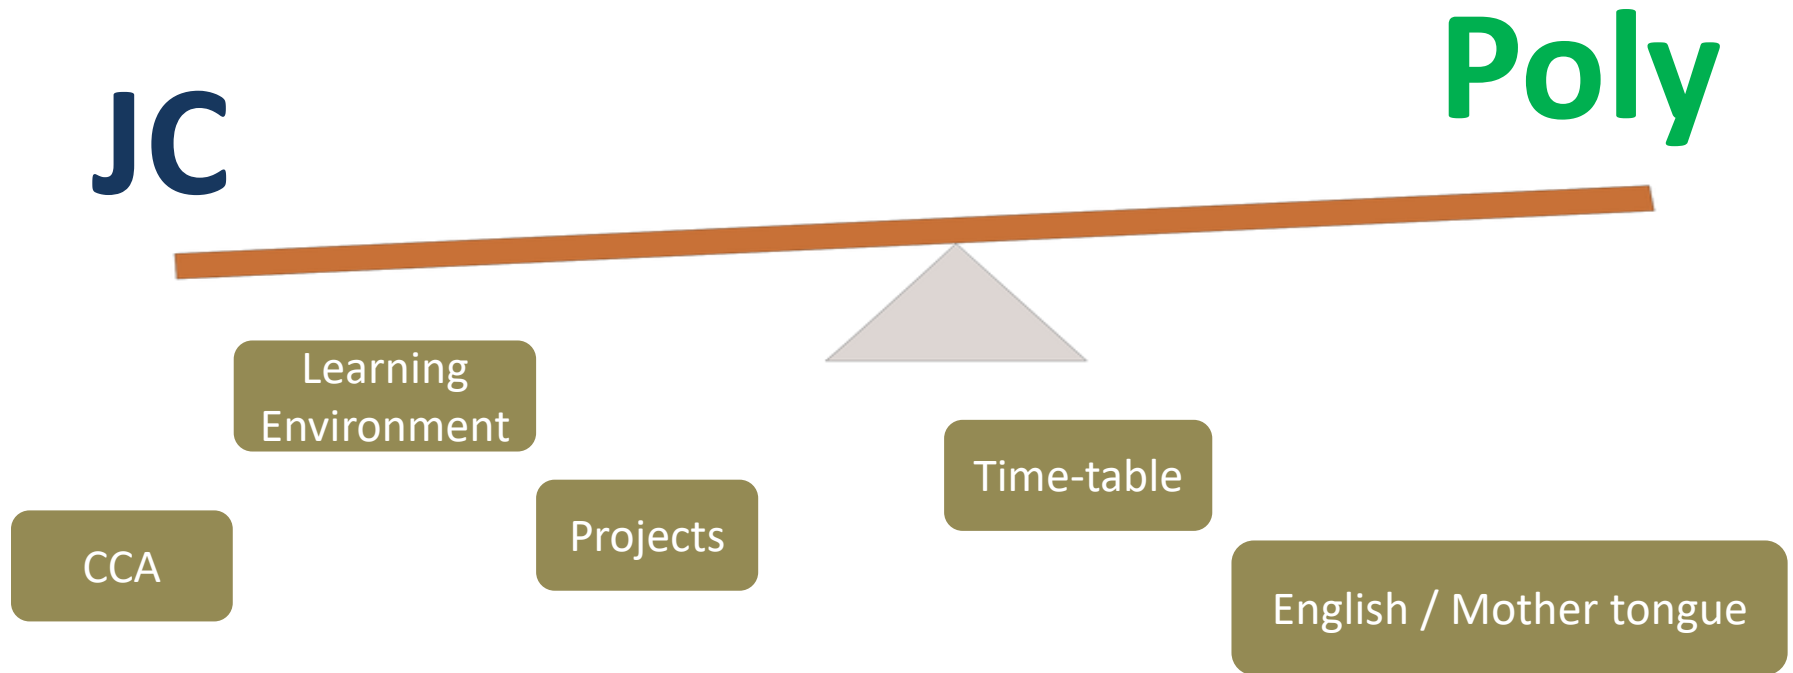

How to support your child in their post-secondary decision-making?

- 
- 
- 1. Recognise their uniqueness**
 - Interest/Strengths?

- 2. Converse with them**
 - Decisional Outcomes
 - Challenges & Solutions

Selecting Post-Secondary Institutions

What are some **decision-making factors**?

Bottomline

Consider your child's decision-making factors and desired outcome of post-sec education.

Common ECG Cases

- “I want to study this course because my brother says it is easy.....”

Explore about the career, course and self

- “I only want this course at Poly or ABC JC and nothing else!”

Have alternative plans
(ie Plan A & B)

Singapore Economic Pillars of Growth

Digital Economy

With rapid advancements in digitalisation and digital services, old paradigms and business models are being challenged.

Today, digital economy jobs are required across all 23 sectors with Industry Transformation Maps (ITMs).

Green Economy

The Green Economy is about living, working and pursuing growth, while maintaining environmental sustainability and conservation.

Today, more than 450 job roles across 17 sectors require green skills.

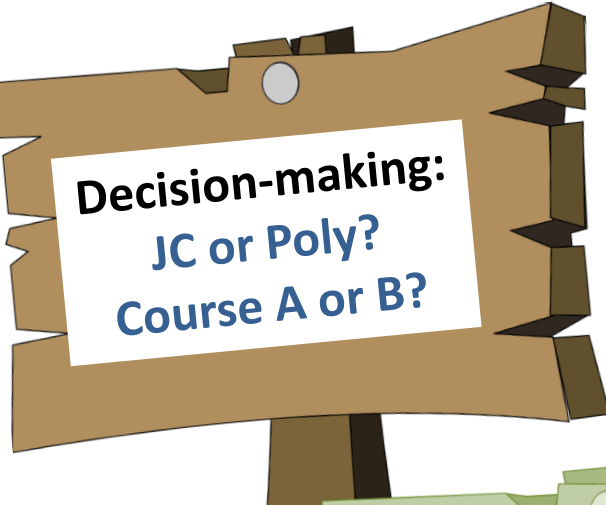

Care Economy

The Care Economy comprises a professional cluster of jobs and skills involved in nurturing and teaching current and future populations.

Almost 40% of job openings in emerging professions globally will be in the Care Economy by 2022.

for Parents

Conversation Starters

Set aside time and space where you can speak with, listen to and understand your children's thoughts and feelings. Try using the following questions to get a conversation going.

Suggested Activities

Reflecting on meaningful experiences, such as transitions, setbacks and achievements, is something you can do together with your children. Encourage your children to document experiences, skills and accomplishments regularly (e.g., in their ePortfolio in the MySkillsFuture Student Portal), as this will help your children chart out their own process of lifelong learning and personal growth.

OVERVIEW

Introduction

Introduction

Entry Requirements

Application Procedure

FAQs

The Polytechnic Early Admissions Exercise (Poly EAE) is an aptitude-based exercise that allows students to apply for and receive conditional offers for polytechnics prior to receiving their final grades. It allows the polytechnic flexibility to select and admit students based on their aptitudes and interest from academic grades, thus allowing a wider range of talents to be recognised.
