Conversation Starters

Set aside time and space where you can speak with, listen to and understand your children's thoughts and feelings. Try using the following questions to get a conversation going.

Suggested Activities

Reflecting on meaningful experiences, such as transitions, setbacks and achievements, is something you can do together with your children. Encourage your children to document experiences, skills and accomplishments regularly (e.g., in their ePortfolio in the MySkillsFuture Student Portal), as this will help your children chart out their own process of lifelong learning and personal growth.
