

5.3 Discipline

5.3.1 School Rules & Code of Conduct

The School Rules and Code of Conduct are designed to inculcate good habits and internalise our school values of Respect, Compassion, Commitment, Integrity and Perseverance. As students apply themselves to the Code of Conduct, they will grow to be Unitians who can Lead Self, Serve Others, Actualise Self and Inspire Others.

Anchored in Restorative Practice, our discipline approach prioritises learning and responsible behaviour. We facilitate dialogues that help students acknowledge their actions, take accountability, and work to restore trust. Through this process, students develop essential skills in empathy, critical thinking, and self-regulation.

Actualising Self, Inspiring Others

1. Pride and Respect for Nation and School

Students who are Singapore citizens must sing the National Anthem and take the Pledge. Students will take the Pledge with the right fist over the heart.

All students must attend the daily flag-raising and pledge-taking ceremony. Non-citizens must stand at attention during the entire ceremony. All students must sing the school song with pride.

2. Integrity for Self and Respect for Self and Others

- a. All students must put on their best behaviour both in and out of school at all times.
All students should behave in a respectful manner and be courteous to all staff members, visitors and their peers.
- b. All students are ambassadors of Unity Secondary School, both within and beyond the school grounds. Their conduct, including online behaviour, should consistently reflect the school's vision, motto, values, and competencies. Any word or action that brings the school into disrepute, such as misrepresenting the school, posting inappropriate content, being insensitive or inconsiderate towards members of the public will be regarded as an offence and will result in disciplinary consequences.

3. The G.R.E.A.T Routine

All students are expected to follow the G.R.E.A.T routine daily:

G - Greeting: Lead and participate in class greetings respectfully.

Invest (by asking questions, taking notes and engaging in peer learning); and
Drive (by setting goals, seeking feedback and practising self-assessment).

T – Tidiness: Keep classrooms clean, neat and tidy at all times for a conducive teaching and learning environment.

Active learning behaviours during lessons are essential because they help students stay focused, learn effectively, and contribute to a positive learning environment. If students do not follow the G.R.E.A.T routine despite reminders, subject teachers may contact their parents, and students may be required to stay back for remediation, guided reflection, or other follow-up actions to support their learning.
